Public Comment: **It is best to put Eagle River with Eagle River in one Senate district and North Muldoon with South Muldoon in one senate district. All other districts need to be paired in the same configuration as before. The AK Supreme Court addressed the Eagle River with Eagle River and Muldoon with Muldoon. Residents have spoken and East Anchorage should remain intact.**

Public Comment: **The Bahnke plan should not be adopted. The Bahnke plan is clearly partisan and in its current form is politically unbalanced, politically unfair, and does not accurately represent the people of Anchorage and Eagle River. The Board should reevaluate the timeframe and incorporate enough time and public input to produce a plan that reflects a nonpartisan effort that incorporates the constituents wants (not political party wants) of the communities involved. When rushing a political process driven by board members political beliefs, instead of the community's wants, produces a sloppy product such as the Bahnke plan. In order to provide a fair and just plan the process should slow its tempo so community involvement can be used in the development of a plan. By rushing the process you are denying our rights as citizens to govern our government. This process needs to be fair to all not just a small group of individuals. As a resident of Eagle River our community deserves to be heard and our comments incorporated into the plan.**

Issue of Concern: **Proposed Anchorage Senate Pairing**

Public Comment: **Time for another look at the Anchorage Map. In November 2021 I testified that HD 22 could be paired with HD 20, HD 21 and HD 9. These are the contiguous districts that satisfy the Alaska Constitutional requirement for senate district pairing. Let's explore the third option HD 9.**

Three 2021 Map Senate Districts are acceptable as paired: District F: HD 11 & 12, the Anchorage Lower Hillside; District H: HD 15 & 16, Western Anchorage and District L: HD 23 & HD 24, Northern Muni Districts.

Senate District E pairs HD 9 & HD 22 which are the Muni uplands. Road service areas and snow management are common upland issues. 2001 Map combined major parts of this senate district in a single House District. Higher price single family homes are typical throughout District E.

Senate District G pairs HD 10 & HD 13 lie mostly west of Seward Highway. More than 75% of this proposed district is in District L today. Medium-priced single-family homes are present throughout proposed senate District G. The Dimond Blvd shopping and recreation is the focus of District G.

Senate District I pairs HD 14 & HD 17 in the center of Anchorage. Mid-town and Downtown share more multi-unit housing. Significant shopping in D 14 is used by D 17 residents.

District I covers the historical residential development of Anchorage. Redevelopment has been featured recently.

Senate District J pairs HD 18 & HD 19 in East Anchorage. The district boundary between 18 & 19 splits these similar neighborhoods. Each district has significant health care facilities.

Senate District K pairs HD 20 & D 21 in Muldoon/Baxter. This area is closely tied to JBER for jobs and off base housing. The commercial activities along Muldoon Road serve the entire Senate District.

Please end the partisan gerrymander that is linking Downtown Anchorage and Government Hill to a senate district that primarily represents Chugiak, Eagle River, and Eklutna. This is unfair and will cause our neighborhood to be unrepresented. We have to drive through three house districts to connect with another populated section of our district at the far edge of Muldoon and then 25 miles to the next population in our district. Those people have distinctly different values and ways of living. The only fair pairing is House District 23 to House District 17.

Issue of Concern (Please provide map name if applicable): **Eagle River Senate district pairing**

Public Comment: **I encourage the Redistricting Board to adopt a revised district map that links House District 9 (South Anchorage) with House District 22 (Eagle River Valley). These districts share common characteristics justifying their inclusion in the same Senate District K:**

- Each district encompasses many residents living on the foothills and upper slopes of the Chugach Mountains. As a result, one of the most significant common issues residents in these districts face is access to their homes, and their connections to the rest of Anchorage.

- While much of the rest of Anchorage relies on municipal and state road maintenance, residents of these two districts rely to a great extent on Local Road Service Boards to provide for maintenance of their roads, including snow removal, graveling and repair.

- Residents in each district face the challenge of managing the risks inherent in living along the urban-wildland fire interface, planning for and responding to wildlife incursions and hazards, less reliable utility service, extremes of weather, and other common issues.

- The recent snow avalanche that has isolated District 22 residents in the Hiland Road area is a dynamic that is familiar to residents of District 9, who have themselves experienced the hazards of snowslides, traffic halts, and risk to property and personal safety.

- It should go without saying that these two districts are socio-economically integrated by virtue each being fully within the Municipality of Anchorage. They are also contiguous, being joined in the uplands of the Chugach Mountains a standard that has already been found valid in earlier district maps that linked an Eagle River Valley House district across the Chugach Mountains to an adjoining House district to the south.

Issue of Concern (Please provide map name if applicable): **Gerrymandering of Downtown and Government Hill**

Public Comment: I urge you to revise the currently planned Senate district boundaries that combine Downtown and Government Hill with Chugiak, Eagle River and Eklutna. The currently planned boundaries are an egregious example of partisan gerrymandering, and does not comply with the Alaska Constitutional guidelines of "compactness and contiguity", and "socioeconomic integration".

People in Downtown and Government Hill would have to drive through 3 different house districts before we would connect to the east Muldoon portion of the proposed district, and then drive another 20 or more miles to Chugiak, Eagle River and Eklutna! That is neither compact nor contiguous. Residents cannot drive or even walk through JBER to get to the rest of the district.

People in Downtown and Government Hill have drastically different properties, values and lifestyles, and have no socioeconomic factors in common.

I urge you to pair House District 23 to House District 17, as the only pairing that would meet the Constitutional Guidelines.

Public Comment: **Downtown / Government Hill/ JBER areas of Anchorage should not be included in the same district as Chugiak, Eagle River and Eklutna. This method is including very urban neighborhoods with much more rural areas. The mind frame and priorities of people in these areas are vastly different and those three communities' populations vastly outnumber the areas in Anchorage. These Anchorage neighborhoods will not receive proper representation and is akin to partisan gerrymandering. Please consider pairing House District 23 to House District 17.**

Public Comment: **Please DO NOT ADOPT THE BAHNKE PLAN** The Board should take its time to carefully consider the future impact on the affected citizens! The Bahnke plan is clearly partisan. Redistricting should be balanced, fair and accurately represent the people of Anchorage and Eagle River. By rushing the process, it doesn't allow proper public participation. This process should be fair to all; not just a small group of partisan individuals.

Voting for the current Municipal election is tomorrow! To expedite this process, so quickly, shows a clear disregard for the opinions of the majority of the citizens that will be impacted! Expedited Redistricting plans are totally inappropriate and contrary to good public policy! The process should be informed by thorough public comment, input and discussion!

Public Comment: **Please end the partisan gerrymander that is linking Downtown Anchorage and Government Hill to a senate district that primarily represents Chugiak, Eagle River, and Eklutna. This is unfair and will cause this neighborhood to be unrepresented. They have to drive through three house districts to connect with another populated section of our district at the far edge of Muldoon and then 25 miles to the next population in our district. Those people have distinctly different values and ways of living. The only fair pairing is House District 23 to House District 17.**

People in Downtown and Government Hill would have to drive 20 or more miles to Chugiak, Eagle River and Eklutna! That is neither compact nor contiguous. Residents cannot drive or even walk through JBER to get to the rest of the district.

People in Downtown and Government Hill have drastically different properties, values and lifestyles, and have no socioeconomic factors in common.

Yarrow Silvers [REDACTED] Mon 4/4/2022 6:44 PM

Peter,

Please see the attached proposal for senate pairings.

Thank you,
Yarrow Silvers

MAXIMUM PRESERVATION PROPOSAL

Yarrow Silvers, George Martinez, and Felisa Wilson (the “East Anchorage Plaintiffs”) hereby reiterate the proposed senate pairings included in their April 2, 2022 written testimony and officially present those pairings as an alternate proposal for senate pairing corrections. This proposal is designed to preserve the Anchorage senate districts adopted in the Proclamation Plan to the maximum extent possible, only substituting revised senate pairings when necessary to correct unconstitutional Senate District K. The intent of this “Maximum Preservation Proposal” is to ensure efficient and tailored correction of the court-identified error without inadvertently or intentionally making new ones, or unnecessarily delaying the Board’s court-directed duties on remand.

Like the preliminary corrections adopted by the Board for consideration on April 4, 2022, this “Maximum Preservation Proposal” also advocates for the adoption of senate districts proposed by Board member Bahnke. However, unlike the Board’s preliminary corrections, this proposal maximizes preservation of the Anchorage senate districts adopted by the Board, only substituting Anchorage senate districts proposed by Board member Bahnke in four out of the eight Anchorage senate districts and only when necessary to correct the unconstitutional pairing of House Districts 21 (S. Muldoon) and 22 (Eagle River Valley). East Anchorage Plaintiffs identified the four districts requiring revision by unpairing Senate District K and pairing its house districts with contiguous districts resulting in the least amount of disruption to other promulgated and constitutional senate districts. East Anchorage Plaintiffs substituted Board member Bahnke’s pairings into its proposal as these were the only pairings presented during the initial redistricting hearings that were clearly presented, lawful, and enjoyed substantial support by Board member and public testimony. During the November 8 hearing, four out of five of the Board members raised no objections to these pairings. Indeed, even Board Chair Binkley acknowledged during that hearing that Board member Bahnke’s proposed pairings were legally justified. Board members Borromeo and Bahnke vehemently supported the Bahnke pairings and provided constitutional and rational bases in support of these pairings.

For all of these reasons, and in an effort to narrowly and fully comply with the court order and to preserve the constitutionally promulgated senate districts to the maximum degree possible, East Anchorage Plaintiffs propose the following combinations of connected and preserved Anchorage senate districts:

ALASKA REDISTRICTING BOARD WEBSITE RESPONSE

Senate District E (Board Adopted: Marcum Proposed)

House District 9: South Anchorage/Turnagain Arm/Whittier

House District 10: Oceanview/Klatt

Senate District F (Board Adopted: Marcum Proposed)

House District 11: Lower Hillside

House District 12: Far North Bicentennial Park

Senate District G (Board Adopted: Marcum Proposed)

House District 13: Campbell

House District 14: Spenard

Senate District H (Board Adopted: Marcum Proposed)

House District 15: Sand Lake/Campbell Lake

House District 16: Anchorage Airport

Senate District I (Bahnke Proposed)

House District 17: Downtown Anchorage

House District 23: Government Hill/JBER/Northeast Anchorage

Senate District J (Bahnke Proposed)

House District 18: Mountainview/Airport Heights

House District 19: U-Med

Senate District K (Bahnke Proposed)

House District 20: North Muldoon

House District 21: South Muldoon

Senate District L (Bahnke Proposed)

House District 22: Eagle River Valley

House District 24: North Eagle River/Chugiak

These proposed corrections preserve all promulgated senate pairings that were not challenged in the Application to Correct Error process or rejected by the court, except where revisions are necessary to correct the unconstitutional Senate District K. This includes both the direct pairing of House District 21 and House District 22 as well as pairings resulting from the creation of that district. The corrections proposed in this “Maximum Preservation Proposal” align with public testimony for the revised districts. To the extent the Maximum Preservation Proposal deviates from public testimony supporting the adoption of all of Board member Bahnke’s proposed senate pairings and not just her proposal for Senate Districts I-L, it does so

ALASKA REDISTRICTING BOARD WEBSITE RESPONSE

only to the extent necessary to preserve the senate districts adopted by the Board in the Proclamation Plan.

East Anchorage Plaintiffs fully acknowledge that Board member Bahnke presented senate pairings that serve the interests and needs of affected voters. Again, this Maximum Preservation Proposal is submitted based upon the limited scope of the court's order and is by no means intended to undermine the Bahnke Anchorage senate district pairings as a whole.

Anchorage and Eagle River are two different locations and cultures! Allowing a selected few to decide where the lines drawn is totally wrong! Poor management decisions is why succession of ER is a must!

Issue of Concern (Please provide map name if applicable): **Senate District K**

Public Comment: **I encourage the Redistricting Board to adopt a revised district map that links House District 9 (South Anchorage) with House District 22 (Eagle River Valley). These districts share common characteristics justifying their inclusion in the same Senate District K:**

Each district encompasses many residents living on the foothills and upper slopes of the Chugach Mountains, and as such, one of the most significant common issues residents in these districts face is access to their homes, and their connections to the rest of Anchorage.

While much of the rest of Anchorage relies on municipal and state road maintenance, residents of these two districts rely to a great extent on Local Road Service Boards to provide for maintenance of their roads, including snow removal, graveling and repair.

Residents in each district face the challenge of managing the risks inherent in living along the urban-wildland fire interface, planning for and responding to wildlife incursions and hazards, less reliable utility service, extremes of weather, and other common issues.

The recent snow avalanche that has isolated District 22 residents in the Hiland Road area is a dynamic that is familiar to residents of District 9, who have themselves experienced the hazards of snowslides, traffic halts, and risk to property and personal safety.

It should go without saying that these two districts are socio-economically integrated by virtue each being fully within the Municipality of Anchorage. They are also contiguous, being joined in the uplands of the Chugach Mountains a standard that has already been found valid in earlier district maps that linked an Eagle River Valley House district across the Chugach Mountains to an adjoining House district to the south.
